

**Product Description**

**Ulterion<sup>®</sup> Hand Sanitizer** is an ethanol-based, liquid hand sanitizer, which complies with World Health Organization (W.H.O.) standards in response to COVID-19. While washing hands with soap and water for minimum of 20 seconds is still the best way to prevent the spread of viruses, **Ulterion<sup>®</sup> Hand Sanitizer** can be used in the absence of soap and water to inactivate the Human Corona Virus (HCoV).

**Packaging**

**Ulterion<sup>®</sup> Hand Sanitizer** is available in 6,200 gallon bulk tankers, 270 gallon IBCs, 5 gallon pails, and 1 gallon bottles.

**Handling / Storage Stability**

**Ulterion<sup>®</sup> Hand Sanitizer** should be kept in cool, dry conditions. Ideal storage temperatures are 40°F to 75°F. This product is extremely flammable and should be kept away from heat and flame sources.

**Product Safety**

When considering the use of **Ulterion<sup>®</sup>** brand products, please refer to the latest Safety Data Sheets (SDS). If a SDS for this product is required, please contact your **Jain Chem Representative**.
